Table of Contents

Foreword by Prof Dr Ksenija Suvorova ... VI
Foreword and Acknowledgements ... VII
Table of Contents ... IX
List of abbreviations ... X
Chemical formulae – Representation ... X

1 Introduction to Corneotherapy ... 1
1.1 Adjuvant and extended corneotherapy ... 2
1.2 Dermatological cosmetics ... 2
2 Structure of the skin ... 5
3 Skin diagnosis ... 8
3.1 Measurements ... 8
3.2 Measured values and subjective perceptions ... 9
3.3 Short- and long-term effects ... 10
4 Chemical and physical principles of corneotherapy ... 12
4.1 Requirements for bases and active agents ... 13
4.1.1 Base creams ... 13
4.1.2 Hydrophilic base gels ... 16
4.1.3 Hydrophobic oleogels ... 16
4.1.4 Lotions ... 17
4.2 Shelf life ... 19
4.2.1 Minimum shelf life ... 19
4.2.2 Physical changes ... 19
4.2.3 Chemical reactions ... 19
4.2.4 Microbiology ... 20
4.2.5 Sensory changes ... 20
4.2.6 Container properties ... 20
4.2.7 Ecology of plastics and polymers ... 21
4.3 Safety of skin care products ... 23
4.3.1 Pure substances and mixtures of substances ... 23
4.3.2 Hidden pollutants ... 23
4.3.3 Prohibited substances ... 23
4.3.4 Undesirable substances during storage and use ... 24
4.3.5 Endocrine disruptors ... 25
4.3.6 Nitrosamines ... 25
4.4 Active agents from nature ... 26
4.4.1 Natural or synthetic? ... 26
4.4.2 Natural cosmetics ... 27
5 Chemical and physical principles of extended corneotherapy ... 30
5.1 Membrane family ... 30
5.1.1 Phospholipids and phosphatidylcholine ... 31
5.1.2 Liposomes ... 31
5.1.3 Nanodispersions ... 33

5.1.4 Derma Membrane Structure (DMS) ... 33
5.1.5 Combinations and modular concepts ... 34
5.1.6 Properties of preparations containing membranes ... 35
5.1.7 Applications of membrane-containing products ... 36

5.2 Properties of nanodisperse systems at a glance ... 36

5.3 Active and auxiliary substances ... 39

6 Ingredients of skin care products – chemical structure classes ... 43

6.1 Water ... 43
6.1.1 Seawater ... 46
6.1.2 Thermal water ... 46

6.2 Acids and bases ... 48

6.3 Fatty acids ... 50
6.3.1 Essential fatty acids ... 51
6.3.2 Metabolism ... 51
6.3.3 Contrasting effects ... 53
6.3.4 Skin metabolism of essential fatty acids ... 53
6.3.5 Influence of drugs on the fatty acid metabolism ... 54

6.4 Hydrocarbons ... 55
6.4.1 Sebum ... 55
6.4.2 Vegetable hydrocarbons ... 55
6.4.3 Mineral hydrocarbons ... 55

6.5 Natural oils, fats and waxes ... 57
6.5.1 Waxes ... 57
6.5.2 Vegetable triglycerides ... 58
6.5.3 Vegetable fatty acids ... 58
6.5.4 Minor components of vegetable oils ... 59
6.5.5 Other vegetable oils ... 60

6.6 Terpenes ... 60
6.6.1 Essential oils ... 61
6.6.2 Vitamins and provitamins with terpene structure ... 61
6.6.3 Related vitamins ... 62

6.7 Steroids ... 62
6.7.1 Plant and animal sterols ... 63
6.7.2 Bile acids ... 63
6.7.3 Steroid hormones ... 63
6.7.4 Glucocorticoids ... 64
6.7.5 Saponins ... 64
6.7.6 Vitamin D_3 (cholecalciferol) ... 66

6.8 Alcohols and phenols ... 66
6.8.1 Alcohols ... 67
6.8.2 Glycols ... 67
6.8.3 Phenols ... 69
6.8.4 Hidden alcohols ... 69
6.8.5 Denaturants ... 70

6.9 Aldehydes and ketones ... 72

6.10 Saccharides and polysaccharides ... **74**
6.10.1 Mono- and oligosaccharides ... 74
6.10.2 Polysaccharides ... 74
6.10.3 Hyaluronic acid ... 76
6.10.4 Glycosides and their functions ... 78

6.11 Flavones and isoflavones ... **79**
6.11.1 Hormonal properties ... 80
6.11.2 Glycosides of flavones and isoflavones ... 80
6.11.3 Side effects ... 81

6.12 Alkaloids ... **81**

6.13 Amino acids ... **83**
6.13.1 Physiological amino acids ... 83
6.13.2 Hair care ... 84

6.14 Peptides ... **84**
6.14.1 Proteins ... 84
6.14.2 Natural peptides ... 84
6.14.3 Synthetic peptides ... 85
6.14.4 Peptides with special properties ... 85
6.14.5 Growth factors ... 85
6.14.6 Antimicrobial peptides ... 87

6.15 Enzymes ... **89**
6.15.1 Effective biocatalysts ... 89
6.15.2 Enzyme classes ... 90
6.15.3 Enzymes in the network ... 90
6.15.4 Enzymes in cosmetics ... 92

6.16 Silicon compounds ... **92**
6.16.1 Silica ... 92
6.16.2 Silicates ... 93
6.16.3 Silicones ... 93

6.17 Aluminium compounds ... **95**

6.18 Trace elements ... **97**

7 Ingredients of skin care products – by function ... **104**

7.1 Preservatives ... **104**
7.1.1 Jar, tube or dispenser? ... 105
7.1.2 Microbiology of products ... 106
7.1.3 Approved preservatives ... 106
7.1.4 Preservative chemistry ... 106

7.2 Emulsifiers ... **107**
7.2.1 Emulsifiers and surfactants ... 108
7.2.2 Polyethylene glycols ... 109
7.2.3 Emulsions ... 111

7.3 UV filter ... **112**

7.4 Moisturisers ... **116**
7.4.1 Active agents ... 117
7.4.2 Limits of effectiveness ... 119

7.5 Antioxidants ... **120**
7.5.1 Body's own radicals ... 120
7.5.2 Exogenous radicals ... 121
7.5.3 Endogenous antioxidants ... 121
7.5.4 Exogenous antioxidants ... 122
7.5.5 Autoxidation ... 122
7.5.6 Vitamin C and E as radical scavengers ... 122
7.5.7 Antioxidants in skin care products ... 123

7.6 Vitamins and provitamins ... **124**
7.6.1 Vitamin A and retinoids ... 125
7.6.2 Vitamins at a glance ... 126

7.7 Fragrances ... **128**
7.7.1 Scent perception ... 128
7.7.2 Natural and synthetic fragrances ... 129
7.7.3 Body notes ... 129
7.7.4 Perfumes ... 132

7.8 Plant extracts ... **133**

7.9 Cosmeceuticals ... **134**
7.9.1 Cosmeceuticals – the criteria ... 135
7.9.2 Examples of cosmeceuticals ... 135

7.10 Food supplements ... **136**
7.10.1 Active agents – topical and oral? ... 137
7.10.2 Spicy substances in food and cosmetics ... 138

8 Forms of application and uses ... **144**

9 Preparative treatments ... **147**

9.1 Skin cleansing ... **147**
9.1.1 Detergent components ... 148
9.1.2 Cleansers for sensitive skin ... 148

9.2 Baths ... **149**
9.2.1 Foam baths ... 149
9.2.2 Salt baths ... 149
9.2.3 Therapeutic baths ... 150
9.2.4 Skin care baths ... 150
9.2.5 Aromatherapy ... 150

9.3 Peeling ... **151**
9.3.1 Mechanical peels ... 151
9.3.2 Chemical peeling ... 151
9.3.3 Enzyme peeling ... 152
9.3.4 Laser and microdermabrasion ... 152
9.3.5 Practical advice ... 152
9.3.6 Peeling methods at a glance ... 153

9.4 Toning the skin ... **154**

9.5 Masks and packs ... **154**

9.6 Massages ... **156**

9.7 Final care and home care ... **158**

10 Decorative cosmetics for problem skin ... 159
10.1 Camouflage ... 159
10.2 Make-up for problem skin ... 160
10.3 Lipsticks ... 161
10.4 Mascara ... 161
10.5 Powders ... 161
10.6 Self-tanners ... 163
11 Apparative treatments ... 166
11.1 Laser and IPL ... 167
11.2 Ultrasound ... 169
11.3 Radio frequency ... 170
11.4 Iontophoresis ... 170
11.5 Dermaroller ... 171
11.6 Devices and preparations: Synergies at a glance ... 171
12 Specific care instructions ... 176
12.1 Care of the hands ... 176
12.1.1 Hand cream formulations ... 177
12.1.2 Further tips for hand care ... 178
12.2 Anti-pollution ... 179
12.3 Body care ... 180
12.4 Facial care and combination skin ... 181
12.5 Eye care ... 183
12.6 Lip care ... 186
12.7 Foot care ... 188
12.8 Baby and infant care ... 190
12.9 Intimate care ... 192
12.10 Sweat and body odour ... 194
12.11 Men's cosmetics ... 196
12.12 Hair removal ... 197
12.13 Hair growth ... 199
12.14 Overdoing skin care ... 201
13 Anti-aging preparations ... 205
14 Medical wellness preparations ... 209

15 Skin alterations and their corneotherapeutic treatment ... 211

15.1 Hormone-related changes ... 211
15.1.1 Puberty ... 211
15.1.2 Monthly period ... 213
15.1.3 Pregnancy ... 213
15.1.4 Climacteric and menopause ... 215

15.2 Skin barrier disorders ... 216
15.2.1 Neurodermatitis – atopic dermatitis ... 216
15.2.2 Perianal barrier disorders ... 218
15.2.3 Pressure ulcer ... 218

15.3 Cornification disorders ... 218
15.3.1 Acne ... 219
15.3.2 Psoriasis ... 222
15.3.3 Actinic keratosis ... 224

15.4 Connective tissue disorders ... 225
15.4.1 Atrophic skin ... 225
15.4.2 Stretch marks ... 225
15.4.3 Cellulite ... 225
15.4.4 Scleroderma ... 229

15.5 Rosacea and couperose ... 229

15.6 Scars ... 231

15.7 Pigmentation disorders ... 232
15.7.1 Brightening agents ... 233
15.7.2 Tranexamic acid – against pigmentation spots and redness ... 234
15.7.3 Vitiligo ... 235
15.7.4 Other hypopigmentations ... 236

15.8 Irritations ... 236

15.9 Inflammations ... 237

15.10 Allergies ... 239

15.11 Dermatoses – Eczema ... 240

15.12 Perioral dermatitis ... 241

15.13 Itching ... 242

15.14 Light-damaged skin ... 244
15.14.1 Prevention ... 244
15.14.2 Sunburn ... 244
15.14.3 Photosensitisation and phototoxicity ... 245
15.14.4 Endogenous light damage ... 246

15.15 Cancer therapies – Pre- and aftercare ... 246
15.15.1 Surgery ... 247
15.15.2 Radiotherapy ... 247
15.15.3 Chemotherapy ... 248
15.15.4 Immunotherapy ... 249

15.16 Aesthetic surgeries – Pre- and aftercare 249
15.17 Drug side effects 250
15.18 Multiple chemical sensitivity (MCS) 254
15.19 Nerve irritation 255
15.20 Food intolerances 257
16 Skin microbiome and infections 262
16.1 Bacterial infections 262
16.2 Fungal infections 262
16.3 Viral infections 264
16.4 Disinfection 266
16.5 Physical balances 266
16.6 Adapted skin care 267
17 Problem skin or medical indication? 269
17.1 Pharmaceutical base creams 269
17.2 Identical active agents 271
17.3 Adjuvant corneotherapy 272
17.4 Magisterial recipes 272
17.5 Medical devices 277
17.6 Placebos 279
17.7 Summary 279
Supplementary literature 281
Trademarks 282
