

7th Global dermaviduals[®] Conference

The Conference was planned as a face-to-face event for May-7, 2022. Due to the ongoing pandemic, it was decided to postpone and organise the symposium online on Jun-25, 2022 with a shortened agenda.

All speeches and lectures will be recorded before the Conference as videos and available for all Global Partners on **Jun-25, 2022, 10.00 a.m. Central European Time (CET)**. They will be accessible on the dropbox up to Jul-2, 2022.

The lectures can be viewed manifold times. Furthermore, the complete lectures, with their clear readability are an ideal substitute to the Conference proceedings which contained only the summaries in the past.
